Smarty S06 to Smarty S06-PoD conversion

The release S06V411U_R23UP is the last one for the Smarty S06.

With this release your Smarty will be converted to a Smarty S06-PoD (Power on Demand).

From that moment your Smarty S06 will become a Smarty S06-PoD and you'll find its downloads here: <http://www.madselectronics.com/DownloadS06PoD.html>.

FAQ

Q: Should I update my Smarty once converted?

A: The Data version contained in this special conversion release is equal to the Smarty S06-PoD Data: R.23S, released on 02/16/2012. Please double check if a newer release is available on our website at the following link: <http://www.madselectronics.com/DownloadS06PoD.html> and update your Smarty by convenience.

Q: Once converted can I go back?

A: No, there is no possibility to rollback the upgrade once your hardware has been converted.
